Click on the images to view a larger image Click here to download Features: Download through Magnet link, no watermarks or logos No DRM. Just the best quality video you can find Have a HD version of the video as well Download is fast and secure Download links come with direct download so there is no waiting for it to finish downloading in your browser. All links have a magnet download option as well if you prefer to download it that way If you don't want to download through a magnet, you can use my direct download link, which is just like the download link for the video itself, but instead of being an image, it is a link that you can click on to download the video. Downloading the Video: After you click on the image, it will take you to the link that you need to click on. The magnet link will download the video. 1. Click on the image to view a larger image. 2. Select the drop-down menu to the right of the image. If you are using Chrome, Safari or Firefox, you should have both the HD and SD versions of the video as options. If you are using Internet Explorer or Edge, you should have just the HD version available. 3. Select the one you want and click on it. You can always check the quality you downloaded the video at (the first link after you download) before you download it, just in case there is a problem with the video. The HD version will be very high quality, the SD version will be the original quality. The sizes of the files will be between 150MB-300MB Downloading the Magnet link: 1. After you click on the image to view a larger image, you should see the magnet download link. 2. Click on the magnet link to get the magnet link, which you can then share with your friends. 3. If you're on Chrome, Firefox or Safari, you can click on the magnet link from within your browser. 4. If you are on IE or Edge, you can click on the magnet link by right-clicking on it and selecting "Open Link in a New Tab". Below are the links to download the video and magnets. Enjoy!
